

PRINCIPLES OF ACCOUNTS

(a) What is going to be taught?

The syllabus is available online:

O-Level syllabus

https://www.seab.gov.sg/docs/default-source/national-examinations/syllabus/olevel/2022syllabus/7087_y22_sy.pdf

N-Level syllabus

https://www.seab.gov.sg/docs/default-source/national-examinations/syllabus/nlevel/2022syllabus/7086_y22_sy.pdf

The school will provide adequate opportunities for students to learn basic business skills, including recording and interpreting financial statements.

(b) What is expected of the student in learning the subject?

- An interest and inclination towards accounting and business topics
- Positive attitude, diligence and perseverance
- Regular revision of previous topics taught
- Build a strong foundation in the earlier chapters (all subsequent chapters build upon them)
- Revise past topics on a regular basis
- Active participation in class discussions and seek help **immediately** when in doubt

(c) Assessment

- Formative Assessments: Quizzes and Class tests
- Summative Assessments: Semestral Exams

(d) How can parents/ guardians assist and support the child?

- Ensure their child complete their assignments promptly, revise their work regularly and apply their learning.

(e) How is the subject useful or relevant for the future?

It provides a head start for students who may wish to further their studies in Business or Accounting courses in the future.
